

How to Make Wellvibe an App Icon on Your iPhone

1. Tap on your Safari icon to access the Internet
2. Go to www.wellvibelogin.com
3. On the bottom of your screen, there is a tool bar with a 'share' icon (it looks like a box with an arrow coming out of it). Tap on it.
4. Tap on the "Add to Home Screen" button
5. Change the name displayed in the text area to "Wellvibe"
6. Tap the "Add" in the top right corner

Congratulations! You have made a Wellvibe app icon for your iPhone!

How to Make Wellvibe an App Icon on Your Droid
